Panic Over?

I am finally beginning to see some black guns at the local gun shops and gun shows. Actually many of the shows had rifles available for about 1 ½ to 2 times the cost of the same gun last September. Now finally the prices appear to be returning to something approaching “normal”. I was also forced to buy my .22 bulk ammo in North Carolina as many Wal Marts and other discount stores were sold out locally. I recently saw some available in a local Wal Mart so hopefully the shortage is over.

Election Results

Two new officers were elected for the 2009/2010 year, Rob Ripple Vice President for Rifle and Bob McClure Vice President for Shotgun. This is a good time to thank both outgoing VPs ,Doug Schultheis and Paul Gelfer for their service to the club. Doug did much more than promote the rifle matches at Dillon. The Dillon Tee shirts were his idea and are still making money for

the range. He volunteered for more work projects than I can remember, repairing the left field trap house and helping on the Winchester trap machine rebuilds being just two recent projects. Doug also ran several matches since he was familiar with rifle, handgun, and shotgun competitions. Paul was also involved well beyond his “official” duties. He may have sprayed and brushed more paint than any other club member. His promotion of the shotgun sports brought the Buckeye Vintagers to our range and revived interest in trap shooting. Both men gave more to LLRPC and Dillon than most members will ever know. It is comforting to know they have not gone anywhere but have simply moved to a position where they can shoot more and let someone else handle the problems. Enjoy yourselves gentleman.

Projects Continue

The range improvement projects are continuing. Rob and Jeff have been working on

more trailers on which targets can be mounted. This process really speeds up the set up for several types of matches. Steve Kurtz, Fred, and myself spent 4 hours wire brushing the pintables. The painting was delayed until next week because the sprayer was on the fritz. The stump from the old apple tree is no more, thanks to Greg Boyd Stump Removal for that.
