Elections

Since we have changed the time for the Bowling Pin Matches it has become necessary to change the time of our monthly membership meeting. The June meeting will be held at 4:00 (1/2 hour before the Pin Match) on June 13th. This is our election meeting to select the officers for the next year. All members of the executive committee have agreed to have their names on the ballot for another year, but as always nominations from the floor are welcome for all offices. The lone exception is Rick Hupp's trustee position as he is in the 2nd of a two-year term.

Boling Pin Delivery

We have scheduled a truck load of 300 boxes of bowling pins to be delivered to Dillon at 11:30 on Tuesday June 15th. If you are available and could help unload them it would make the process go much faster. Thanks.

Dues Reminder

If you haven't paid your dues yet you are overdue. If you wish to run for office or vote in the election you must be a paid member.

Pin Match Time Change

Earlier I promised to explain why I voted for the time change so here it is. While the club has every right to continue the morning match but I believe it is in our best interest to make the public usage side of the range as profitable as possible. It is probably a poor business practice to tell the public you are open particular hours but when they arrive they find part of the range closed to them. We not only loose their business for that time but also loose credibility and possible future business. We are not sure why our pin matches are our most popular matches. Is it because they are shot in the morning; or is it because it is just a fun match? We have been shooting in the morning for many years but is that a good enough reason to continue the practice? Most of the shooters we talked to were open to the idea of an afternoon shoot. Some said they actually preferred the afternoon. (no church conflict) Some said they preferred the morning but would be OK with the afternoon. Only a very few said they would probably not shoot if it was moved to the afternoon.(most of these were heard from after the committee had voted). There is a concern

that the match might run late into the evening if we continue to have a large turnout. We are also concerned we might run out of daylight early and late in the year. Solutions to these problems include running the match in the morning when the range is closed to the public. (Dec., Jan., Feb., Mar.); using the lights to illuminate the tables; and possibly having a Pin Match week-end having 1/2 the shooters shoot Sat. evening and 1/2 shoot Sun. evening. In any case I thought we needed to try out the idea of an afternoon shoot.
