Trap Machine

If you have been to the range recently you have probably noticed the new trap machine is no longer sitting inside. Several members of the executive committee have donated a few afternoons to mount the machine and install the door on the trap house. The test run was completely successful. We won't get much use this year but we should be ready for opening day next March.

Upcoming Survey

Within the next month the executive committee will put together a survey for the LLRPC membership. The purpose of this survey is to determine what you want from your club and your shooting range. When you

get this survey either through e-mail or snail mail please take the time to complete it and let us know what you think.

Tips

Plastic is being used for everything today so it is no surprise that many reloading tools use this material. Powder measure hoppers, powder scale pans, powder scoops, and other items are often made of plastic. If you have any of these items you probably notice that at times powder tends to cling to their surface. This problem is easily cured by simply wiping the surface of the plastic item with a dryer sheet. The sheet can be new or used and I haven't found one brand to be superior to another.

Gun Shows

Dec. 13 & 14- Dayton Hara Arena

Dec. 13 & 14- Medina

Dec. 13 & 14- Lancaster

Dec. 20 & 21- New Philadelphia

Dec. 20 & 21- Akron

Dec. 27 & 28- Circleville

Jan. 3 & 4- Columbus Westland

Jan. 3 & 4- Dayton Hara Arena

Upcoming Events

December 14- Dillon Closes for the season

December 14- Pin Match

January 11- Pin Match

November 9, 2008 Pin Match
